

HDMI Over Cat6 Extender

Extends HDMI Signals
up to 197ft/60m

Part# CE-H3EX01-S1

Effortlessly Extend HDMI Up to 197 Feet with Cat6 and PoC Technology

- Transmits HDMI signals up to 197ft (60m) through a single Cat6 network cable
- Delivers Full HD 1080p@60Hz resolution, ensuring a smooth and vibrant viewing experience suitable for both professional and home use
- Fully supports 3D video, providing an immersive viewing option, and is HDCP 1.4 compliant
- Simplifies setup by using the PoC function, allowing one power source at the transmitter (TX) to power both the transmitter and receiver (RX)
- Delivers clear and reliable LPCM 2.0 stereo audio
- Constructed with durable metal housing, offering stability and resilience for continuous operation in demanding applications

Common Applications

- Home entertainment, Conference room, Educational facilities, Showroom, Training room, Dental office, Church, Hotel, Home surveillance
