

Desk Mount Dual Gas Spring Monitor Arm

VESA Mounting patterns
75x75, 100x100mm

Part# CE-MT3X11-S1

Elegant Design & durable performance with gas spring for easy height adjustment, supports up to two 32" displays

- Supports flat panel monitors up to 32", weighing from 4.4 lbs to 19.8 lbs (2kg to 9kg), ensuring compatibility with various displays
- Achieve ergonomic viewing angles with 18.38" height adjustment and 20.28" arm extension per monitor, suitable for both sitting and standing positions
- This lightweight and elegant desk mount features a removable arm design for quick and convenient installation. Gas spring functionality allows effortless adjustment of each monitor with just one finger
- Enjoy a full range of motion with 360° arm swivel, 128° arm rotation, 90° upward and 35° downward tilt, 180° monitor swive, and complete 360° monitor rotation
- Dual independent pivots and arms provide unmatched adjustability, allowing for side-by-side, landscape, back-to-back, portrait, and mixed monitor configurations
- Compatible with VESA mounting patterns of 75x75 and 100x100mm for a secure and universal fit
- Integrated cable management system keeps cables neat and organized, minimizing clutter and maximizing workspace aesthetics.
- Compliant with TAA ensuring the highest levels of quality and durability
