Layout

- LED indicators:
  - Red: Charging in progress
  - Green: Power On or Fully charged

- USB-C PD output power: 30W max. (each port)
  - Supports 5V/3A, 9V/3A, 12V/2.5A
  - PPS 3~11V, 20mV/step Voltage Output

- Charging Protocol:
  - Supports BC1.2, Apple, Samsung
  - Supports PD2.0, PD3.0
  - Supports Qualcomm QC 2.0, QC 3.0
  - Supports MTK PE+1.1 and MTK PE+2.0
  - Supports Samsung fast charge: AFC

Note:
Plese using your device's original equipment USB-C charging cable or certificated USB-C cable.

1. AC input: 115V, 50Hz/60Hz

2. Power switch: On / Off

⚠️ Safety and Notice

The device has been tested for conformance to safety regulations and requirements, and has been certified for international use. However, like all electronic equipment, the device should be used with care. Please read and follow the safety instructions to protect yourself from possible injury and to minimize the risk of damage to the unit.

- Follow all instructions and warnings marked on this unit.
- Do not attempt to service this unit yourself, except where explained in this manual.
- Provide proper ventilation and air circulation and do not use near water.
- Keep objects that might damage the device and assure that the placement of this unit is on a stable surface.
- Use only the power adapter and power cords and connection cables designed for this unit.
- Do not use liquid or aerosol cleaners to clean this unit.
- Always unplug the power to the device before cleaning.
